Comments and recommendations (include name and address of suspected unauthorized user, if known)

The unauthorized user is Tom Miller (address: 2518 Vernaccia Circle; Rancho Cordova, CA 95670). This is the third time that Mr. Miller has used heavy equipment on public lands in this resource area without our prior knowledge and without obtaining the appropriate authorization. We've tried working with him to get him to notify us, but to no avail. I recommend charging him with criminal trespass, since he willingly and knowingly disturbed the road without contacting our office.
